

# SRS Visitor Guide

NUCLEAR SECURITY • ENVIRONMENTAL STEWARDSHIP • SCIENCE AND ENERGY

## Site Contact

All visitors to SRS should have a SRS-based Point of Contact or host who is responsible for your visit. Your host will make arrangements for your visitor badge in advance. Please inform your host of any accessibility needs you may have, as well as any body-worn or implanted Bluetooth-enabled medical devices or metal implants.

## Your Safety at SRS

Your safety is very important to us. You are required to report any potential injury to your Site Point of Contact.

## Appropriate Clothing and Footwear

All visitors to SRS are expected to wear appropriate clothing and footwear for the site. Shorts and flip flops are not to be worn at SRS. All shoes must be affixed to the foot and include, at minimum, a backstrap. Some facilities may require additional personal protective equipment. For more information about the dress code for your visit, please contact your SRS Point of Contact.

## Prohibited Items

The following items are not allowed inside the site boundary:

- Firearms (including toy or simulated guns) and ammunition (Concealed Weapon Permits are not honored on SRS property.)
- Blades 2.5" or greater in length
- Stun guns
- Alcoholic beverages
- Explosive materials (accelerants)
- Unmanned Aerial Systems (drones)
- Illegal drugs (including CBD Oil) and items prohibited by state and federal law
- **Prescription or over the counter drugs outside of their prescribed or original container, or expired prescriptions**

Many areas on site prohibit electronic devices, including cell phones, tablets, personal fitness devices (such as FitBits), smart watches and other Bluetooth-enabled devices. Your host will discuss the specific limitations of the areas you are visiting. **Photography and videography are strictly prohibited while on site.**

**Centerra-SRS personnel are certified law enforcement officers.**

## SRS Security

To protect workers and government property, SRS maintains a high level of security. At SRS, you will encounter Centerra-SRS Law Enforcement Officers in numerous locations. Understanding our security practices will help your visit go smoothly.

Any person convicted of a security violation is subject to federal penalty or punishment. Visitors to SRS who encounter security problems must advise their SRS host/escort.

**Identification (ID) for Badging:** All visitors must be badged through SRS Visitor Control, located in Building 703-46A. Individuals must provide one of the following current ID documents: U.S. Passport, REAL ID-compliant Driver's License, Enhanced Driver's License, HSPD-12 PIV Card or DoD Common Access Card (CAC) - except CACs with blue bar.

Visitors who do not possess one of the above IDs will have to present two forms of ID before a badge can be issued. Current photo ID in the form of a driver's license or state or federally-issued ID is mandatory; the other form should contain your legal name (e.g., Social Security card, certified birth certificate, voter registration, etc.). Note: If you use a student ID with photo, you must also present a certified birth certificate and Social Security card. For a complete listing of required IDs, go to: [http://www.srs.gov/acceptable\\_id.pdf](http://www.srs.gov/acceptable_id.pdf) or call the SRS badge office at (803) 952-2343.

**Escorts:** Visitors must be accompanied at all times by an escort with an appropriate security badge when entering a security area. Please stay with your escort at all times. Visitors are not required to be escorted on the general Site Property Protection Area (PPA). Your SRS Point of Contact will identify these areas if applicable.

**Security On The Job:** Personal and Government cell phones, tablets or other electronic devices shall not be connected to SRS computers for any reason. Cell phone charging stations are available in select SRS facilities.

## Driving rules and hand-held electronic devices

**Driving:** Traffic safety laws are strictly enforced at SRS. Obey posted speed limits and traffic signs on SRS roadways and parking lots. If you become lost, stop where it is safe to do so and ask for directions or call 3-3911 from a Site landline or 803-725-1911 from a cell phone.

**Vehicle Access to SRS:** Visitors bringing a vehicle on SRS property must have in their possession a valid driver's license, proof of vehicle insurance and proof of registration. *All visitor vehicles are subject to inspection.*

**Personal Property Inspections:** Visitors' vehicles will be inspected at the Site barricade by Centerra-SRS and are subject to additional inspection by K-9 units. When you enter SRS control points, Centerra officers must touch your badge to confirm your identification. Any hand-carried items are also subject to inspection.

**Hand-held Electronic Devices:** SRS is a hands-free site. Pull off the road when it is safe and park before using any device that may cause distraction.
