Draft EA prepared for the proposed use of SRS lands for military training (DOE/EA-1606)

DOE has prepared a draft environmental assessment (EA) to analyze the potential environmental consequences of the proposed use of Savannah River Site (SRS) lands for military training. The purpose of the proposed action is to provide the military with greater flexibility in developing training missions and strategies in response to rapidly changing world conditions.

The public comment period for this draft EA will be open until October 10, 2011. Any comments received after that date will be considered to the extent practicable. A public meeting is scheduled for September 15, 2011, beginning at 6:00 p.m. in the Amphitheater at Aiken Technical College, 2276 Jefferson Davis Highway, Graniteville, SC 29829. At the meeting DOE and Army representatives will describe the proposed training and the EA. An electronic copy of the draft EA may be viewed by directing your browser to <http://www.srs.gov/general/pubs/envbul/nepa1.htm>. Comments regarding and requests for hard copies of the draft EA should be sent to:

Andrew R. Grainger, NEPA Compliance Officer
